

# Firestone Walker Brewing Company

Begun in 1996 by brothers-in-law Adam Firestone and David Walker, and led to brilliant success by Brewmaster Matt Brynildson—Paso Robles' own Firestone Walker Brewing Company is recognized as one of the top breweries in the *world*. The newest addition to their House of Ales—which includes the well-established Double Barrel Ale and Pale 31—is the Union Jack. An India Pale Ale style beer with bright, citrus notes, the refreshing Union Jack certainly lives up to its elder ales and deftly quenched our palates after all the salty snacks we enjoyed with it. Try their ales at the brewery in Paso Robles, the Taproom in Buellton, or find the cleverly packaged bottles at stores all over California. [www.firestonewalker.com](http://www.firestonewalker.com)
